The worst movies I've ever watched

by [TheSeaLion](#) | created - 26 Nov 2013 | updated - 11 months ago | Public

The worst movies I've ever watched. These are not my least favorite movies (though some will be the same), but the movies that I feel are the worst I've ever seen. All in order with the exception of "Things" and everything after it.

From "300" downward would be 0's if IMDb allowed that rating.
